

The Arc of Harrisonburg & Rockingham

Day Support Services

Community & Center-Based Programs

Placement Description

Community-based program in which participants have opportunities to experience inclusion through volunteering, recreational, independent living, and job exploration activities. Our Center-based program is designed to prepare clients to interact successfully in the community through soft-skills training, social skills, independent life skills, and making informed decisions. Both programs are person-centered and focus on the wants and needs of our individuals with the goal of living “a life like yours”.

Intern or Field Placement Responsibilities/Opportunities

Field Placement

- Assist participants in accessing community services, volunteering, and experiencing community enrichment activities.
- Working one-on-one and with groups both in community and in the center.
- Assist with center-based activities (e.g. communication skills, sign language, recreational, social skills, and leisure preferences)
- Assist with art and craft projects.

Interns

- All responsibilities listed above.
- Must obtain background checks and submit to drug testing.
- Attend quarterly/annual meetings and review confidential files.
